Hi Mai,

It looks like the ASLB held a call on April 6. The documents just didn't get uploaded until recently. Powertech sent a letter dated April 11, 2018 to the NRC stating they would reimburse the Tribes participating in the survey and provided the reimbursement info. The NRC staff sent a letter dated April 11, 2018 to the ASLB with that info.

Then the ASLB issued an order suspending the dates for dispositive motions and the evidentiary hearing. The evidentiary hearing was for the NRC survey approach proposed back in April 2017. The April 2017 approach has been abandoned in favor of the March 2018 approach.

I have attached these documents. The transcript from the April 6 call has not been uploaded to the website yet.

Thanks!

Valois
